Takeda has provided the Ariba Network for all suppliers to conduct business in a more efficient manner.
All invoices should be issued electronically on the Ariba platform, which is the preferred way of doing
business with Takeda. If you have not yet joined Ariba Network then please immediately contact the
Supplier Enablement Team.

If you haven't yet embraced this new way of doing business with our company or you receive PO directly
from SAP system via eMail please send your PDF invoice to ||
invoices.es@takeda.invoicetrack.com ||

To ensure timely processing please ensure the below criteria is met.

How to make sure your sent invoice is accepted first time:
1) The invoice must be in PDF format (The PDF file has to be created directly from the application (ERP, Word, Excel,...).
2) Only include 1 invoice per PDF file,. Multiple PDFs in one email is accepted, the total size of the email should not be greater than 40 MB.
3) All invoices must clearly show the correct PO number (or Takeda requestor name for non-PO invoices).
4) Invoices can be loaded together with any accompanying documents and relevant information, but must
be in a single PDF file with the invoice itself on the first page of the PDF.
5) Text included in the accompanying email will not be considered as part of the process, so make sure important information is included in the PDF itself.
6) Image resolution should be minimum of 300dpi

Supplier Enablement Team, please contact: ||
